

Batsuren (Basu) Damdinsuren

Calgary, AB | C: 587-973-0508 | Batsurenb30@gmail.com

QUALIFICATION SUMMARY

- 10 years of networking experience with supporting, troubleshooting and maintaining different vendor products in various size environments.
- Strong interpersonal, communication, and project management skills while working in a fast-paced environment, with an assertive, productive, and self-starter attitude.
- Familiar with Microsoft Azure and AWS, and eager to further develop my skills in these areas.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Node.js, SQL, Python, Java, C#
- **Frameworks/Libraries:** React.js, React Native, Next.js
- **Tools & Technologies:** GitHub, SQL Server
- **Soft Skills:** Quick learner, effective team player, strong problem-solving abilities.

ACADEMIC PROJECTS

- **Capstone Project:** A web app for SSWD company, designed to cater to Clients, Shop Managers, and Installers. Clients have the functionality to view, manage, cancel, and re-order orders, quotes, and invoices. Shop Managers are equipped to process and update requests, quotes, and orders. Installers can create and monitor quotes and orders. The application is developed using JavaScript, React.js, Node.js, Tailwind CSS, and Firebase, showcasing a comprehensive use of modern web technologies.
- **BasuNews:** Developed a dynamic news platform using JavaScript with News API integration for real-time data retrieval, featuring user profile management and comprehensive authentication.
- **MusePlayer:** Spearheaded the creation of a music player app for Android devices using React Native, focusing on user experience with features for music playback and playlist management.

PROFESSIONAL EXPERIENCE

IT support specialist – Mongolia

09/2006 to 11/2015

- Conducted regular system backups and disaster recovery operations to safeguard critical data. Led recovery efforts in case of data loss or system failures, minimizing the impact on business continuity.

- Performed routine maintenance on computers and network systems to keep them running smoothly, including updates and virus scans.
- Assisted users with basic computer problems, such as password resets, email issues, and software installations, ensuring they could return to work quickly.
- Helped set up new equipment, like computers, printers, and phones, making sure employees had the tools they needed.

EDUCATION

Diploma: Software Developer - SAIT

09/2022 to 04/2024

Master's degree in philosophy - National University of Mongolia

09/2012 to 03/2014
